Transmittal of Rote Kapelle Study

RE: FROM

1. Attached, per our conversations on 12 and 13 June, is our only film of the study prepared by Heinrich Josef REISER, PARNWITZ's deputy in the Paris Sonder Kommando Rote Kapelle. The original was passed informally to us by G KUTZBACH of UPSWING Headquarters. As far as we know, there are only two copies extant - one prepared for presentation to UTILITY and the carbon copy we photographed which was kept by the author. Therefore, we request that the material be given sensitive handling.

2. Would you please arrange to have prints made of the film when possible, returning one set to us and forwarding the film to Washington.

3. We trust that the opus will help in your efforts directed against PARNWITZ. Incidentally, my recollection is that the meaty part of the text starts after about the first seventy-five pages; the first section is a lengthy summary of REISER's beliefs on the scope of the Rote Kapelle effort (world-wide; he includes BORJA under the same general heading).

This is identical to study which UPSWING gave us in 1951.
